*Notes from Debbie . . .*

**April is National Volunteer Month and it's an opportunity to thank all the volunteers in the community and those who volunteer at the Senior Center.**

We are blessed with volunteers who lend their time and talent to make a difference at the senior center. Our volunteers are always ready to assist in leading classes, our lunch program, library, front desk, giving tours to perspective members, and most importantly a friendly smiling face always willing to help.

Maria, Kevin and I would like to thank all the volunteers who assist us in making our center an inviting place to be a member of. We would not be able to facilitate the programming, services and activities without each and every compassionate and dedicated volunteer we are blessed to have.

**THANK YOU VOLUNTEERS - YOU ARE AMAZING!!!**

At its core, Cardio Drumming is a cardiovascular based, full-body workout that requires you to move and play drums along to music. Except it doesn't actually involve any drums! Instead, participants use drumsticks to drum on a large inflatable exercise ball that's placed in a specially designed bucket, which stops the ball from moving while keeping the 'drumming' surface roughly at waist height. It's primarily an aerobic activity but will also incorporate elements of strength training as you maneuver the sticks.
